The graph displays the labor force population in the United States over a 14-year period. The data points are as follows:

Year	Number of people in the labor force (approximate)
1997	150 million
2000	160 million
2003	155 million
2004	150 million
2008	165 million
2011	170 million
