Professional development	During 2003/2004 school year Snezana Savic was at PhD improvement at the Institute of Pharmaceutical Technology, Technical University Braunschweig, Germany, as scholarship student of DAAD Foundation as well as of FIP Foundation for Education and Research. During 2007, she spent the postdoctoral improvement at the Institute mentioned above as well as at the Institute of Pharmaceutical Technology, University of Tuebingen, Germany. In 2003 she finished two-weeks course from GMP, in 2005 she was in 10-days research visit at London Institute for cosmetic science, UK. Twice, up to a week, (in September 2011 and September 2012) she stayed in research visit at the Institute of pharmaceutical technology, University of Tuebingen in frame of realization of research project TR34031 in the field of technological development, which is under her leadership. She had invited lectures at three world meetings in the field of surfactants and physical pharmacy.
--------------------------	--

Other relevant information	In the period 1994 – 2001 she was employed in the Sector for final technologies development, Galenika Institute, Galenika a.d. at the job position of formulation development of pharmaceutical forms for dermal, rectal and vaginal administration routes, veterinary drug products and dermocosmetic preparations (she is author of 12 technical documents). She gave a number of invited lectures at the international and national meetings and CPD courses. Beside she is involved into the teaching in the
----------------------------	--

	<p>fields of pharmaceutical technology, cosmetology and pharmaceutical biotechnology at undergraduate level of studies she also gives the lectures at academic specializations: Cosmetology, Biological drugs, Qualified Person and Pharmacotherapy in the pharmaceutical practice as well as MS course Pharmaceutical Medicine at Faculty of Medicine-University of Belgrade. During 2007/2008 school year she was visiting teacher at Faculty of Technology-University of Nis and in November 2011 she received the status of visiting professor at the Faculty of Pharmacy-University of Ljubljana at the Department of Pharmaceutical Technology. She is coauthor of university textbook Pharmaceutical Technology 1, issued in 2012 and two issues of Handbook of Cosmetology.</p>

Professional development	I attended a course on the physical characterization of solid pharmaceutical ingredients (IWPCPS® 5 Fifth International workshop on Physical Characterization of Pharmaceutical Solids, Ettlingen, 2004, Germany), course of mass liquid chromatography (1st Balcan school for HPLC-MS, Krug International Ltd., Hemtek d.o.o. and Waters Co., 2006, Belgrade) and the Summer School of liquid chromatography-mass spectrometry (Faculty of Technology and Metallurgy, 2008, Belgrade).	
Other relevant information	He was coauthor of two practicum of pharmaceutical chemistry for students of the Faculty of Pharmacy - University of Belgrade. He has performed by invitation practical course in Pharmaceutical chemistry 1 at the Faculty of Pharmacy in Podgorica, Montenegro, from 2008. to 2014. He is visiting professor of Pharmaceutical chemistry 1 and Pharmaceutical chemistry 3 at the Faculty of Pharmacy in Podgorica in 2014.

Professional development	Dr. Krajnovic has been involved at academia post since 1998 at the Faculty of Pharmacy University of Belgrade. She has started from assistant , following by research assistant, and from 2005 she holds a teaching post (as assistant professor) at the Deparemnt of Social Pharmay and Pahramceutical Legislation, where she teaches courses in pharmacy practice, healthcare ethics, pharmacy ethics and pharmaceutical legislation, as well as social sciences in pharmacy.	
Other relevant information	D.Krajnović is the member of the Bioethical Society of Serbia, Association for Medical Law of Serbia (AMLS) and is listed at the Global Ethics Observatory (GEObs) UNESCO database for experts in bioethics. Since 2011 D.Krajnović is appointed the Secretary of the UNESCO Chair for bioethics in Serbia and serves as member of the Steering committee of the UNESCO Chair for bioethics in Serbia.
