# DIPLOMA SUPPLEMENT

diploma number ##

## 1. Information identifying the holder of the diploma

- 1.1 Name:
- 1.2 Surname:
- 1.3 Date of birth (dd.mm.yyyy.):
- 1.4 Student identification number:  
Personal identification number:

## 2. Information identifying the qualification

- 2.1 Academic degree obtained: *Specialist of Pharmacy*
- 2.2 Scientific/artistic/vocational field(s): *pharmaceutical sciences*
- 2.3 Name and status of higher education institution awarding the diploma:  
*University of Belgrade, state independent higher education institution*
- 2.4 Name and status of higher education institution organizing the studies (if different from 2.3):  
*University of Belgrade – Faculty of Pharmacy, state higher education institution*
- 2.5 Language(s) of instruction: *English language*

## 3. Information on the type and the level of study

- 3.1 Type and level of study: *specialist academic studies, second cycle*
- 3.2 Official length of program: *1 year (60 ECTS)*
- 3.3 Enrollment requirement(s):  
*General requirements laid down by the Law of the University of Belgrade and special requests defined by the general act of the Faculty.*

## 4. Information on the content and results obtained

- 4.1 Mode of study: *studies at the Institution*
- 4.2 Name of the study program:  
*Toxicological risk assessment of environmental contaminants*  
Objectives of the study program:
  - *To provide extensive knowledge about principles and theoretical basis of toxicology, ecotoxicology, toxicology of environmental contaminants including food toxicology, models and methods used to test toxicity and ecotoxicity of chemicals, principles of risk characterisation and classification and labelling of chemicals*
  - *To obtain knowledge and skills for prevention, evaluation and problem solving related to the risk due to human exposure to environmental contaminants*
  - *To use critical appraisal and evidence-based risk assessment*
  - *To enable clear understanding of relationship between toxicological data and the legal aspects of toxicological risk assessment*
  - *To obtain communication skills in order to provide reliable information about the nature and extent of toxicological risk*

#### 4.3 Programme details and the grades obtained:

No.	Code	Subjects Name	Status	ECTS	Total number of classes			Year of st. prog.	Grade	Teacher
					Lect.	Prat.	Oth.			
1.		General Toxicology	o.	10	15	15	60	1.		
2.		Principles of Ecotoxicology	o.	10	15	15	60	1.		
3.		Environmental Contaminants	o.	10	30	15	60	1.		
4.		Toxicity Tests	o.	10	30	30	60	2.		
5.		Chemical Risk Assessment	o.	10	30	45	30	2.		
6.		Elective courses	e.	5	15	15	30	2.		
			e.	5	15	15	30			

#### 4.4 Grading scale:

Grades	Classification	Number of points	
		from	to
10	excellent	91	100
9	exceptionally good	81	90
8	very good	71	80
7	good	61	70
6	sufficient	51	60
5	fail	0	50

#### 4.5 Grade point average and overall classification of the qualification:

### 5. Information on the function of the degree

#### 5.1 Access to further study:

*The owner of the diploma has the right to enroll in doctoral academic studies according to the requirements provided by corresponding rule books of the University of Belgrade and the Faculty of Pharmacy on the enrollment of doctoral academic studies.*

#### 5.2 Professional status:

*Students who successfully completed this study course in the field of toxicological risk assessment are able to:*

- *Apply acquired knowledge and skills in implementing the risk assessment concept with the aim to prevent, evaluate and mitigate risk related to human exposure to environmental chemicals*
- *Apply critical appraisal and evidence-based risk assessment*
- *Understand the relationship between toxicological data and the legal aspects of toxicological risk assessment*
- *Participate (individually or in a team) in health promotion and toxicological risk prevention*
- *Provide reliable information about the nature and extent of toxicological risk*
