

Table 3: Equipment costs

the maximum budget allowed for equipment costs is 30% of the total eligible direct costs

Please give details and quantify items of equipment needed for the activities, listing them clearly by the partner country university/ies at which each item will be installed.

You should ensure that these details correspond to those given in the Outcome Tables. Please remember that only partner country universities may benefit from equipment funding.

LIST OF EQUIPMENT	Beneficiary university/ies	Budget in €
1. Literature, Rapid Prototyping and Rapid Tooling 3D-monochrome printing equipment and instrumentation (including appropriate software) for the education of students in the field of Advanced Engineering Technologies, 2 copy machines Canon IR 20-30, Projector BENQ CP120, Canvas 1.5x1.5m, Projector BENQ 622C, Canvas (motorized), Server IBM X series, Switch 16 port CISCO + network equipment, 15 PC Lenovo Think Centre A57, 10 TFT monitors 20", Camera, 30 PCs, color laser printer, 2 laser printers, scanner	1. UNS	1. 52300
2. Literature, Smart board, Projector BENQ 622C, Canvas motorized, LCD TV, DVD recorder, server, 30 PCs, network equipment, 2 laser printers, laser color printer, copy machine, scanner	2. UBG	2. 48300
3. Literature, Intelitek hardware and software systems for technology training (small, flexible manufacturing system (FMS))	3. UKG	3. 48300
4. Literature, video-projectors; video-cameras with microphones; control education lab-kit; PLC controllers and sensors; actuators	4. UNI	4. 48300
