SUBJECT: Manuscript submission

Dear Dr Vanyai Judit,

We are writing to submit our manuscript entitled, 'Volatility Spillover Effect in the Case of Western Balkans' for consideration for publication in Acta Oeconomica.

In this manuscript we report on volatility spillover among Western Balkans region and selected developed world countries. This is significant because it researches phenomenon between markets that were not investigated before, and results can be employed in creation of an investment strategy. The paper should be of interest to a broad readership including investment managers, researchers, and scholars. We acknowledge that this work is original, and has not been published elsewhere nor it is currently under consideration for publication elsewhere. All authors approved the manuscript and this submission. Please address all correspondence concerning this manuscript to me at latinovicm@fon.bg.ac.rs, (+381 11 3950875).

Thank you for receiving our manuscript and considering it for review.
We appreciate your time and look forward to your response.

Kind regards,
Milica Latinovic
