

Dr Vitomir Racic

Curriculum Vitae

1 CONTACT DETAILS

Current employer Politecnico di Milano
Department of Civil and Environmental Engineering

Work address Piazza Leonardo da Vinci, 32
20133 Milan
Italy

Tel +39 (0)2 2399 4233

Fax +39 (0)2 2399 4220

Mobile +39 (0) 327 470 6436

E-mail vitomir.racic@polimi.it

2 QUALIFICATIONS

Academic

2005	BSc degree in Structural Engineering, 1 st class with distinction University of Belgrade
2010	PhD degree University of Sheffield PhD thesis entitled <i>Experimental measurement and mathematical modelling of near-periodic human-induced dynamic force signals</i> PhD viva date: 22 nd December 2009
2014	<i>Certificate in Learning and Teaching</i> awarded by the School of Education and accredited by the UK Higher Education Academy (MSc level)
2014	Fellow of The UK Higher Education Academy

Miscellaneous

2008	Gym Assistant, Fitness Professionals, UK
2008	First Aid for Appointed Persons, The University of Sheffield

3 AWARDS

- Delta Holding Awards for 100 top students at the University of Belgrade, 2001.
- Professor Krajcinovic Award for the best marks in the Department of Engineering Mechanics and Theory of Structures, 2002.
- The Embassy of The Kingdom of Norway in Belgrade, One-Fellowship Awarding Program “15 Millions for the top 100”, 2004.
- Certificate of Merit as an award to the best student coming from the territory under the competence of Regional Chamber of Commerce of Uzice, Serbia, 2004.
- Faculty of Civil Engineering Awards (8 awards) for the best student in the class, University of Belgrade, 2001-2005.
- Universities UK Overseas Award (ORS) and Departmental Scholarship (University of Sheffield), 2006.
- First Student Prize for a poster entitled “*Biomechanical approach to modelling human-structure dynamic interaction*”, Department of Civil & Structural Engineering, University of Sheffield, 2007.

- Second Student Prize for a poster entitled “*Human walking and running forces: novel experimental characterisation and application in civil engineering dynamics*”, Young Researchers’ Conference, IStrucE, London, 2009.

4 POSTS

CURRENT APPOINTMENT

Jun 2015 - to date Associate Professor
Department of Civil & Environmental Engineering
Politecnico di Milano

Oct 2016 - to date Visiting Academic
Department of Civil & Structural Engineering
University of Sheffield

PAST POSTS

Jan 2011 – Oct 2016 Lecturer in Structural Engineering
Department of Civil & Structural Engineering
University of Sheffield

Jan 2010 - Jan 2011 Postdoctoral Research Fellow
Department of Civil and Structural Engineering, Vibration Engineering
Section, University of Sheffield

Aug 2006 - Dec 2009 PhD Student
Department of Civil and Structural Engineering, Vibration Engineering
Section, University of Sheffield

Oct 2004 - Jun 2006 Teaching Assistant (UG level)
Department of Engineering Mechanics and Theory of Structures
Faculty of Civil Engineering, University of Belgrade

5 TEACHING

Oct 2015 - to date Structural Mechanics (MSc level) and
Supervisor of UG and MSc dissertations
Department of Civil and Environmental Engineering, Politecnico di Milano
Theory and Design of Constructions and Structures (MSc level)
Department of Architecture, Built Environment and Construction Engineering,
Politecnico di Milano

Nov 2018 & 2019 Vibration Engineering (MSc level) and
Supervisor of MSc dissertations
Faculty of Civil Engineering, University of Belgrade
Funded by Erasmus+

Oct 2011 - Oct 2016 Linear Systems and Structural Analysis (MSc level),
Civil and Structural Engineering Mechanics 1 (UG level) and
Supervisor of UG and MSc dissertations
Department of Civil and Structural Engineering, University of Sheffield

Oct 2006 - Jan 2011 Teaching Assistant in Structural Mechanics (UG level), Linear Systems and
Structural Analysis, and Vibration Engineering (MSc level),
University of Sheffield

Oct 2004 - Jun 2006 Teaching Assistant in Structural Analysis 1, Structural Analysis 2 and Theory of Structures (UG level), University of Belgrade

6 RESEARCH

MAIN RESEARCH INTERESTS

- Vibration serviceability assessment of slender civil engineering structures.
- Experimental measurements of human-induced dynamic loads: multidisciplinary approach involving civil structural engineering and biomechanics of human locomotion.
- Numerical generators of human-induced dynamic loads of civil engineering structures, such as footbridges, floors, stadia, staircases and entertaining venues.
- Synchronisation of human body motion in groups and crowds: multidisciplinary approach between structural dynamics, biomechanics and psychology.
- Human-structure dynamic interaction: human-induced dynamic loading on perceptibly moving structures.
- Wireless and video-based motion tracking of multiple objects.

PhD PROJECTS

- "Wireless technology and data analytics for structural health monitoring of civil infrastructure", Mr Nicky de Battista. October 2010 - October 2014.
- "Dynamic interaction between pedestrian crowd and footbridges", Mr Erfan Shahabpoor. November 2010 - November 2014.
- "Vision-based motion tracking of multiple objects", Mr Feng Zheng. September 2012 - December 2015.
- "Vibration serviceability assessment of floors", Mr Ahmed Salim. Co-supervision with Prof. Aleksandar Pavic, University of Exeter. Starting date October 2017.

7 RESEARCH GRANTS

- *Excellence Exchange Scheme*: research visit to Department of Civil Engineering, Technical University of Denmark, Brovej. The University of Sheffield, December 2008.
- Named researcher in *EPSRC Platform Grant EP/G061130/1: "Dynamic performance of large civil engineering structures: an integrated approach to management, design and assessment"*, 1 Jul 2009 - 30 April 2013, value £758,493.
- Co-investigator on EPSRC responsive mode grant EP/I029567/1 "Synchronisation in dynamic loading due to multiple pedestrians and occupants of vibration-sensitive structures", 1 January 2012 - 30 May 2015, value £518,684.
- Principle investigator on EPSRC First Grant EP/K036378/1 "Advanced measurement, modelling and utilisation of bouncing and jumping loading induced by groups and crowds", 1 November 2013 - 31 October 2015, value £98,913.
- Collaborator on EPSRC Frontier Engineering Grant EP/K03877X/1 "Modelling complex and partially identified engineering problems - application to the individualised multiscale simulation of the musculoskeletal system", 9 September 2013 - 8 September 2018, value £4,859,494.
- Co-investigator on PRIN 2015-2018 Research Projects of National Interest (Progetti di ricerca di Rilevante Interesse Nazionale), Prot. 2015TTJN95 "Identification and monitoring of complex structural systems", value 494,487€.

8 PROFESSIONAL STANDING

TEACHING

- “Undergraduate Research Grant”, a prestigious scheme awarded by the UK IStructE aims to support challenging research projects carried out during term time as part of the assessed work of a degree programme. Up to ten grants awarded annually across the UK. Awarded three years in a row 2011-2013.
- ERASMUS+ KA1 international credit mobility between Politecnico di Milano and University of Belgrade. October 2018 - December 2020.

PUBLICATION STATISTICS

- citations 891 (Google Scholar, Jan. 2019)
- h-index 16

INVITED PRESENTATIONS

- Codamotion User and Workshop Meeting: presentation of research project entitled “*Human walking and running forces: novel experimental characterisation and application in civil engineering dynamics*”. Université de la Méditerranée, Faculté des Sciences du Sport, Marseille, France, January 2008.
- 9th Workshop in Speckled Computing: “*Experimental measurement of dynamic loads of structures induced by active humans*”. University of Edinburgh, UK, November 2010.

INVITED LECTURES & SEMINARS

- “Experimental measurements and modelling of human ground reaction forces” University of Jena, Germany, 10 August 2010.
- “Human-induced dynamic loading of structures”, University of Belgrade, Serbia, 12th December 2011.
- “Dynamic performance of civil engineering structures under human-induced excitation”, Columbia University NYC, USA, 26 January 2012.
- “Experimental measurements of crowd-induced loading of civil engineering structures”, National University of Singapore, Singapore, 24 May 2012.
- “Crowd-induced vibrations of civil engineering structures”, Politecnico di Torino, Italy, 16 Jul 2012.
- “Vibration serviceability of civil engineering structures under human-induced excitation”, University of Genoa, Italy, 18 July 2012.
- “Towards a novel approach to vibration serviceability assessment of entertaining venues due to dynamic crowd action”, The Institution of Structural Engineers (IStructE) Yorkshire Regional Group, Sheffield, UK, 22 January 2014.
- “Vibration serviceability assessment of entertaining venues due to dynamic crowd action”, Seminar on Human-Induced Vibrations and Human-Structure Interaction, The University of Warwick, UK, 11 December 2014.
- “Vibrations of structures induced by active crowds”, Princeton University, Princeton, USA, 9 February 2015.
- “Human-induced vibrations of structures: state-of-the-art research and perspectives”, University of Belgrade, Serbia, 13 December 2017.

CONFERENCES: ORGANISATION AND CHAIRING

- IMAC XXX: A Conference and Exposition on Structural Dynamics, 30 January - 2 February 2012, Jacksonville, Florida, USA. Organising and co-chairing two sessions entitled: Human Induced Vibrations I and II.
- IMAC XXXI: A Conference and Exposition on Structural Dynamics, 11-14 February 2013, Orange County, California, USA. Organising and co-chairing a session entitled: Human Induced Vibrations of Civil Structures.
- COMPDYN2013: 4th International Conference on Computational Methods in Structural Dynamics and Earthquake Engineering, 12-14 June, Kos Island, Greece. Organising and co-chairing a session entitled: Human Induced Vibrations.
- SEMC2013: The 5th International Conference on Structural Engineering, Mechanics and Computation, 2-4 September 2013, Cape Town, South Africa. Organising and co-chairing a session entitled: Vibration Serviceability of Civil Engineering Structures.
- IMAC XXXII: A Conference and Exposition on Structural Dynamics, 3-6 February 2014, Orlando, Florida, USA. Organising and co-chairing a session entitled: Human Induced Vibrations of Civil Structures.
- IMAC XXXIII: A Conference and Exposition on Structural Dynamics, 2-5 February 2015, Orlando, Florida, USA. Organising and co-chairing a session entitled: Human Induced Vibrations of Civil Structures.
- IMAC XXXIV: A Conference and Exposition on Structural Dynamics, 25-28 January 2016, Orlando, Florida, USA. Organising and co-chairing a session entitled: Human Induced Vibrations of Civil Structures.
- IMAC XXXV: A Conference and Exposition on Structural Dynamics, 30 January – 2 February 2017, Orange County, California, USA. Organising and co-chairing a session entitled: Human Induced Vibrations of Civil Structures.
- EURODDYN 2017: X International Conference on Structural Dynamics, 10-13 September 2017, Rome, Italy. Co-chairing a session entitled: Human Induced Vibrations and Vibration Serviceability.
- IMAC XXXVI: A Conference and Exposition on Structural Dynamics, 12-15 February 2018, Orlando, Florida, USA. Organising and co-chairing sessions entitled: Structural Vibrations I, II and III. Co-chairing a session entitled: Full Scale Operational SID.
- IMAC XXXVII: A Conference and Exposition on Structural Dynamics, 28-31 January 2019, Orlando, Florida, USA. Organising sessions entitled: Structural Vibrations I and II.

MEMBERSHIP

- Society of Experimental Mechanics, Inc.

GUEST EDITOR

- The Structural Engineer (*IStructE*)

EDITORIAL BOARDS

- Shock and Vibration
- Mathematical Problems in Engineering

PEER-REVIEWING WORK

- ASCE Journal of Bridge Engineering
