

Department of Mathematics,
University of Orléans

Orléans, 2014, October 13

This is to attest that Mrs Vesna Manojlovic has been invited to give a conference in our Department on the 13th of October.

The talk's title was « On Pavlovic's theorem in space » and it took place in the seminar room of the Department at 14h.

Athanasios Batakis
Associate Professor in Mathematics, HDR
Head of the Department of mathematics at the University of Orléans
